Customer Proprietary Network Information Notification

The FCC has adopted rules to protect your privacy with regard to telecommunications information that is personal to you. This information is called Customer Proprietary Network Information (CPNI). CPNI is information that we have available solely because you are a customer of PC Telcom and can be found in your calling and billing records. It includes such things as the type and quantity of the services subscribed to, the equipment and facilities used, and the numbers, dates, times and duration of the calls you place.

From time-to-time PC Telcom may change its service offerings and make available new features or services that may enhance or improve the services to which you are already subscribed. Allowing us to use the CPNI in your account gives us the ability to give you more personalized service and offer you the products and services that best fit your needs.

If you allow us to use your CPNI, it will be used only by *PC Telcom (Phillips County Telephone Company, Phillips County Communications, LLC and/or PC Telcorp, Inc)*. The data will not be shared with any other party without your permission.

You have a right under federal law to protect the confidentiality of your account information and we have a responsibility to protect your data.

If you agree to let PC Telcom use your CPNI, you need to do nothing.

If you want to restrict use of your CPNI, you must notify us within 30 days of receipt of this notice. You can do that by calling us at 970-854-2201, stopping in at our office or returning the bottom portion of this notice.

Your denial for *PC Telcom* to use your CPNI will not affect the quality of your service or have any effect on the products and services to which you currently subscribe.

Your decision on the use of CPNI by *PC Telcom* will remain valid until you change it, which can be done at anytime by calling our business office at (970)854-2201.

I do not consent to the use of my Customer Proprietary Network Information (CPNI).
